

Cabinet Care and Cleaning

Thank you for choosing Aspen Leaf Kitchens for your custom cabinetry needs. We hope you enjoy your cabinetry for many years to come. Below you will find tips and guidelines for properly maintaining your Aspen Leaf cabinetry.

To clean stained, glazed, and/or painted cabinetry simply use a mild vinegar and water solution or Murphy's Oil Soap. Do not use any product containing silicone.

To clean laminate and/or thermafoil cabinetry simply use a mild vinegar and water solution or denatured alcohol for more difficult blemishes.

Avoid exposing your cabinetry to the following:

- Water
- Humidity
- Frequent Direct Sunlight
- Excessive Heat
- Detergents and Solvents
- Contact With Hard or Abrasive Objects
